Gathering at Hive Gallery to celebrate a year in art

Hive Gallery in Ocean Grove will turn one on July 8, with a variety of artists present to talk about their work over a mulled wine and roasted chestnuts.

The Hive Gallery in Ocean Grove is delighted to be celebrating its first birthday on Saturday July 8.

From 2-4pm there will be live music from One Shoe Highway, warming mulled wine and roasted chestnuts on offer, and it will be a great opportunity to meet the artists with some of their new artworks.

It has been a big year for the small business that grew out of the garage at home, where Will Wilson of Willie Wildlife Sculptures worked for 15 years.

Now his internationally renowned bronze birdbaths and sculptures are displayed in the garden and downstairs showroom of the gallery.

The business is also honoured to have been nominated for the Geelong Business Excellence Awards.

Upstairs has provided a home for a growing number of other local artists including William

Linford and fine artist Richard Weatherly.

Alexandra Lewisohn is the newest artist to join the group, with her floral still life works to be launched at the birthday.

Margie Delahunty Spencer will also be present with new abstract work based on the changing seasons.

Jill Barber Richardson will present some miniatures and Vayu will be on hand to chat about

his distinct animal portrayals with some new smaller works on display.

Each week the gallery is open 10am to 4pm Friday to Sunday or by appointment.

Visit thehiveoceangrove.com.au for more information.

Owners Will and Karen have been thrilled with all the local support and invite everyone to enjoy the celebration.
